

Aston Lloyd & Partners International Ltd (In Administration)
Aston Hotel Sofia Ltd (In Administration)

On 6 July 2010 Bijal Shah and Nimish Patel of Re10 were appointed as Joint Administrators of both Aston Lloyd & Partners International Ltd and Aston Hotel Sofia Ltd.

Aston Lloyd & Partners International Ltd and Aston Hotel Sofia Ltd were involved in the sourcing and developing of various real estate sites on the Continent, principally in Bulgaria, Turkey, Slovakia and Northern Cyprus. These sites are in various stages of development, and there are likely to be a number of matters requiring the immediate attention of the Joint Administrators.

The Administrators are currently in the process of assessing the situation, and will shortly be writing to all creditors of the above two companies. As you will appreciate, there is very limited information at this stage.

As further details do become available, including information relating to specific developments, then it will be posted to the website

<http://re10.org.uk/downloads.html>

In the meantime, if you do wish to contact the Administrators, then a dedicated number has been set-up (0207 355 6177). The Administrators' team may not be able to answer questions concerning individual circumstances but will seek to answer common queries as much as possible.

Thank you
